Moving into fall...

This is a wonderful month ahead with many parent and child activities. The **Barnes & Noble Book Fair** is a great time to gather, hear some music by the children find a new good book and have a Mako shake from the Café! **Children's Peace Day** presented by the 3-6 classes is a great parade of fun celebrating each other's culture and our heritage. The **Historical Timeline** is a great presentation from our Elementary classes from research on a person who has contributed something of significance in history, whether past & present.

October is also **Fire Safety Month**. You child's teacher will be talking about his and we will have practice fire drills and perhaps a special presentation from the Fire Marshall on campus, for the children.

We look forward to hosting all of our families at these very special events!
